PARTNERS ENGAGING PARTNERS COLLABORATIVE

As part of our advocacy and family engagement initiative, PEATC launched the **Partners Engaging Partners Collaborative** in October of 2022. This professional, peer networking collaborative is a great opportunity for Virginia professionals working in the field of family engagement. Attendees have the opportunity to collaborate and increase their awareness of the different community resources and services that support families throughout the Commonwealth. Best practices in family engagement are highlighted as we collectively work to ensure families have continued opportunities to engage and that all students can thrive.

The **Partners Engaging Partners Collaborative** works to create systems of support where community and school resources are readily available to all families.

This collaborative meets on the **second Thursday of each month** from **12:00 pm to 1:00 pm**.
