

Are you a student with a disability in middle or high school?

Join us for this workshop to hear about getting a job in the community after you leave school. Maybe you want to work at Target, in a grocery store, or an office. Maybe you want to learn how to become a plumber. Having a disability shouldn't stop you from getting a job and earning a paycheck. You may just need a little extra help and we'll talk about how and where to get that help.
