

# Successful Transition Planning and the IEP

This workshop will encourage active participation in developing a meaningful and useful transition plan to help students prepare for life as an adult when they finish school. A transition plan is a required part of the IEP for Virginia students aged 14 and older. Attendees will learn what needs to be in the transition plan and what the Individuals with Disabilities Education Act (IDEA) says about transition services.

**October 7, 2024**  
**6:00 p.m. - 7:30 p.m.**

*Presented virtually.  
Will not be recorded.*
