

Building Strong Parent Advocates

This training will be presented virtually and will include webinars, discussion boards, resources, and supplementary materials.

PEATC, in collaboration with the Virginia Department of Education, invites families to join us for our **online self-paced** training course, Building Strong Parent Advocates.

Families of children receiving special education services find themselves in a world filled with complicated policies, confusing acronyms and terms, and piles of paperwork. Often, families are searching for information and background to better support their children through the Individualized Education Program (IEP) process.

The Building Strong Parent Advocates training provides information to help families build a solid foundation to understand the special education process while empowering them to be their child's best advocate.

The training will take approximately 6 hours and can be accessed anytime during the 3 weeks indicated below.

January 5, 2026 - January 26, 2026
